

George V Records

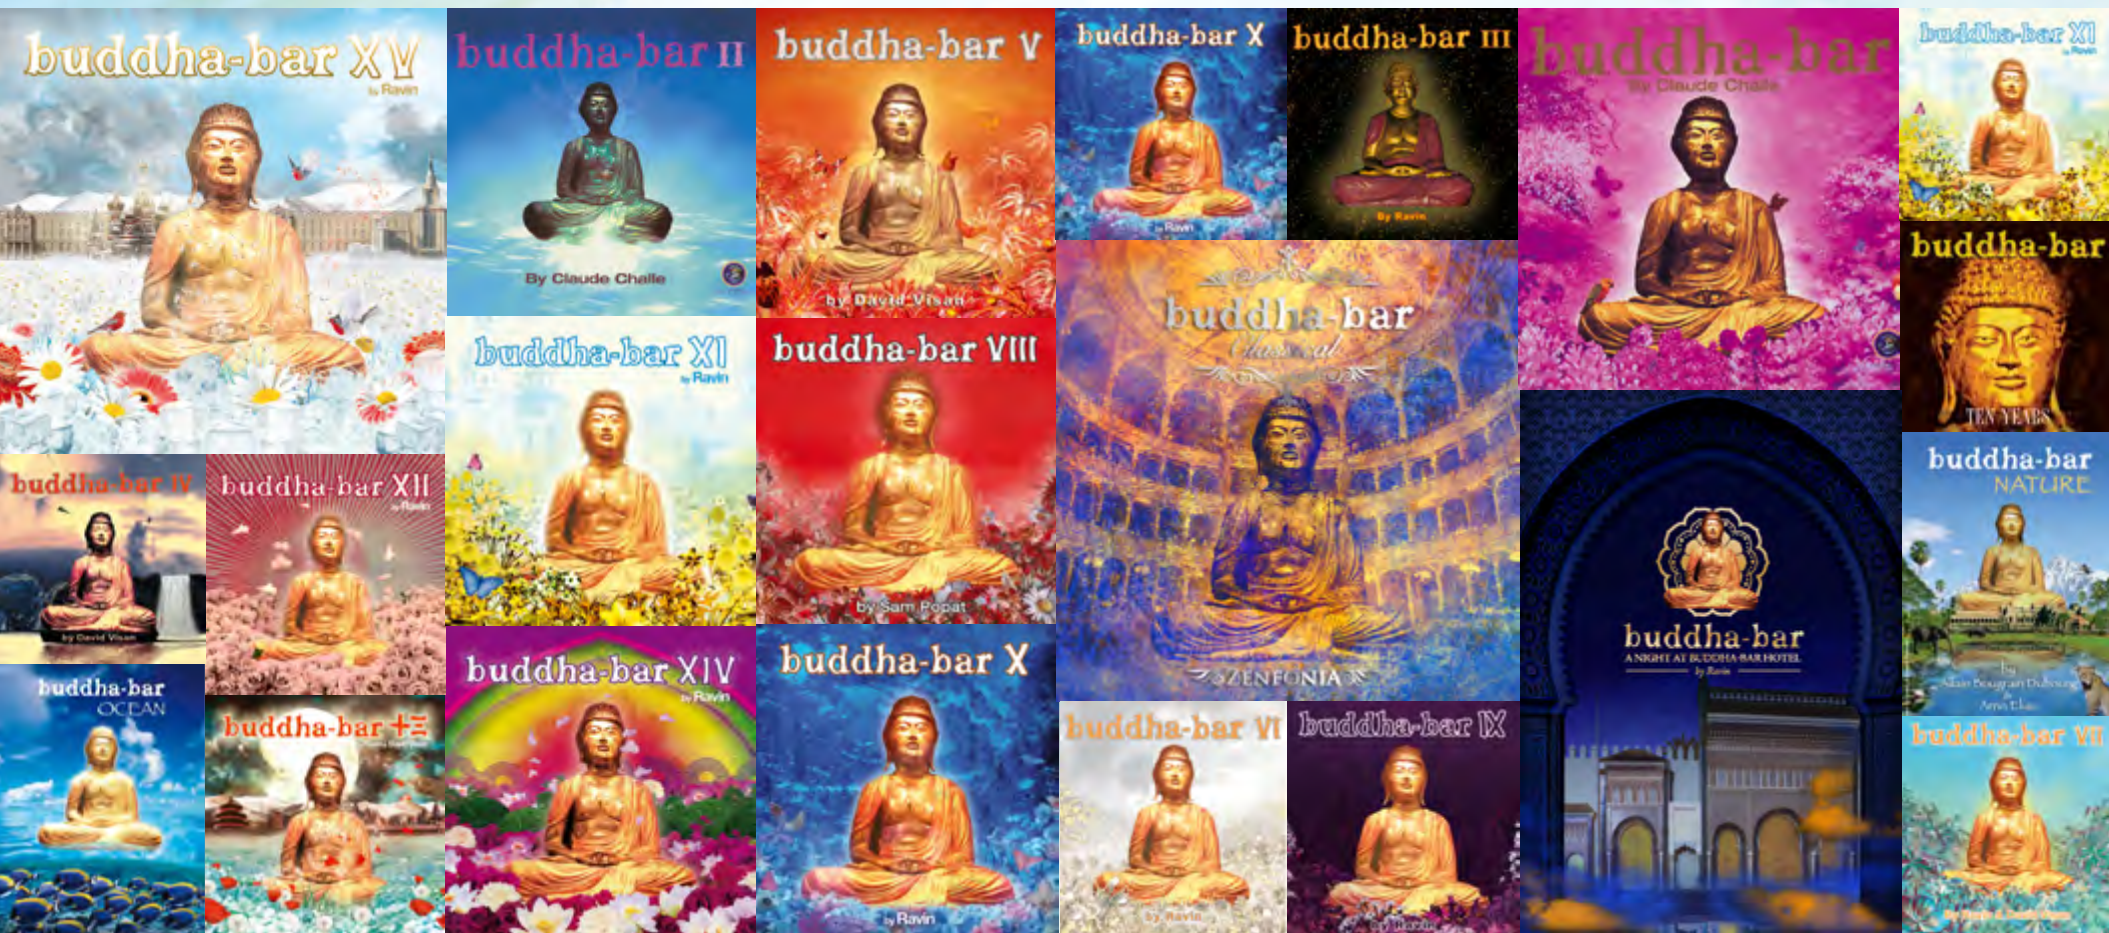

Since its opening, the Buddha-Bar's musical identity has embodied an innovative and avant-garde aspect, thanks to the subtle mixture of captivating Electro-Ethnic rhythms and tribal sounds, played each evening by a resident DJ.

In perfect harmony with the restaurant's décor and atmosphere, this poignant and constantly innovative musical style enchants both the Parisian and international clientele.

Raymond Visan asked Claude Challe, the original resident DJ, to create the very first Buddha-Bar compilation, quickly followed by DJ Ravin, still in place behind the turntables of Buddha-Bar Paris..

This was the beginning of a great adventure...

The World of Buddha-Bar

Buddha-Bar embodies an art of living, based on sharing and a warm, friendly atmosphere.

Its atypical aura is unique, due to its extraordinarily rich interior design, showcasing Asian objects, Portuguese mosaics and warm wood furniture covered in ethnic fabrics from around the world, immediately drawing its guests into a magical atmosphere.

Buddha-Bar cuisine is a fabulous culinary invitation to exotic lands, beautifully presented on the plates. Its Pan-Asian and Pacific Rim menu, with a myriad of flavors and Oriental spices, is subtly combined with western influences.

Buddha-Bar's diversity is also found in its innovative Electro-Lounge style musical ambiance. The resident DJs passionately travel the world looking for increasingly rare musical pieces, Ethnic percussions and Electro vibrations in order to create an utterly enchanting atmosphere.

The Buddha-Bar's reputation has given it genuine international reach that has allowed it to expand throughout the world.

Buddha-Bar has opened its doors throughout the world, particularly in Dubai, London and Kiev, as well as Cairo, Moscow, Monte Carlo, Manila, Saint Petersburg, New Delhi...

Buddha-Bar Hotel Collection

Drawing inspiration from the famous Parisian restaurant, the Buddha-Bar Hotel extends the magical adventure of the Buddha-Bar, plunging its guests into an all-encompassing experience during their stay.

The Buddha-Bar Hotel dedicates its extensive know-how to offering its guests a fabulous getaway, combining the quintessence of French excellence with Asian codes of well-being and hospitality.

Associating neo-Asian architecture with traditional western aesthetics in an often historical setting, the Buddha-Bar Hotel provides a fully unique, enchanting and one-of-a-kind atmosphere.

The luxurious and avant-garde rooms offer atypical charm in which the Orient and Occident come together as one.

This is the ideal place for a perfectly relaxing getaway.

From Paris and Prague to Budapest, Buddha-Bar hotels are opening up around the world, with one scheduled to open in Erevan, Armenia.
